

Think Big. Get Connected!

2 WAY A2P SMS SERVICE

Think Big. Get Connected!

We are very pleased to offer this superior service to all our customers around the world. Monty Mobile not only has a complete top quality range of services which makes us the best in the telecom industry, moreover with the 2 way A2P SMS service, we look for our customers only first class sites when it comes to present them a productive solution with full coverage for the 2 way messaging. (Hassan Mansour, Managing Director, Monty Mobile).

2 way A2P SMS service

The 2 way A2P SMS service is designed to provide the best sending and receiving package which fully covers the global spectrum.

Monty Mobile's resources make it all possible to handle high volume traffic with 100% real time delivery notifications, and at the same time, we believe in providing a personalized payout service to best suit your business model.

By using this service, our customers will always position their business one step ahead, by taking advantage of not only the best quality but also benefiting from most competitive payout formulas and prices on the market.

Monty puts the vowels to your connection

Action- Use SMS in business communications, such as reminders and notifications. Also by mobilizing communication, this means that companies can reduce costs by replacing paper and phone calls with seamless 2-way SMS. This will give a green corporate image by a drastic reduction of waste materials and promote recycling activities.

Elastic- Integrate Monty 2way Messaging SMS into systems such as ERP, CRM, desktop applications and many others instant messenger applications for businesses.

Increase Awareness- Direct marketing with your potential consumers by facilitating a quick and easy interaction for targeted campaigns such as the use of text-to-win, polls and SMS vouchers, thus building trust and improving customer retention.

Outreach- You will never have to worry about enabling 2-way communications with worldwide located staff and customers. The Monty 2 way service enables its users to have their businesses integrate real-time communications without hassle thus resulting in increasing efficiency and a much better customer service.

Uppdate Branding- The Monty 2-Way Mobile Interaction service can be used strategically in various business applications in order to optimize processes by sending and receiving mission-critical SMS directly to / from applications, and a wide selection of personalized corporate applications with an answer back system, such as SMS networking and SMS-to-email applications.

Think Big. Get Connected!

Monty2U

Founded in 2005 and expanding until becoming the leading mobile interaction service provider, today Monty Mobile along its sisters companies Spactron and Bond SMS, became a major pillar in the asset of the international corporation Monty Holding. The first priority at Monty Mobile is to make life easy for our customers. In order to do so, Monty Mobile offers a wide range of superior quality services as well as the 2-way A2P SMS interaction service.

Whether we are talking about: businesses or communities, campaigns or promotions, updates or notifications, by using the 2 way A2P SMS interaction our customers will be able to reach full coverage wherever they are and in any part of the world. Moreover with our personalized payout business model, this is a long term guarantee that our customer will always have the final say when counting the benefits.
